FOUR MASKED BANDITS

Hold Up a Burlington Train for Denver on the Outskirts of St. Joe.

ROBBERS SECURE NO VALUABLES.

On a Previous Occasion When Desperadoes Made an Attempt at the Same Place Two of Their Number Were Shot.

St. Joseph, Mo., April 4.—Train No. 13 on the Burlington road, which left St. Joseph for Denver at 11:40 p. m., was held up three miles north of the city limits by four masked men.

Railroad authorities assert that the robbers did not get anything, although on this point conflicting reports are in circulation. The attempted robbery occurred 15 minutes after the train had pulled out of the Francis street station, in this city.

The scene is very near the place where, on the night of Sept. 24, 1893, four young men of this city made a futile attempt to rob a Burlington train, two of the party being shot down. On that occasion the railroad authorities, under the leadership of W. C. Brown, then general manager of the Burlington Missouri lines, ran a dummy train loaded with policemen and deputy sheriffs, and the robbers were taken by surprise, their plans having been tipped off by a treacherous confederate.

In the last attempted robbery no violence was offered to the trainmen, and after holding the train 35 minutes it was allowed to proceed. Conductor Cox and Engineer Kust, in charge of the train, ran from the scene of the hold-up to Napier, the next stop, and from there reported to the officials in this city. A dozen detectives were at once dispatched, but thus far no tangible clew has been found.

The robbers gained an entrance to the express car by compelling the engineer to call to the express messenger, and by threats of blowing the door open with dynamite. Ten shots were fired, one at Conductor Cox and several at Brakeman Gout, but none took effect.

Murderer Lane Sentenced.

Philadelphia, April 4.—William H. Lane, the colored servant, who, on Tuesday last, murdered Ella J. Jarden and her daughter Madeline, and so badly wounded another daughter, Eloise, that she died later, was convicted of murder in the first degree after a trial lasting less than one and a half hours. Lane pleaded guilty. Because of Lane's plea of guilty no jury was drawn and only three witnesses were called for the purpose of determining the degree of murder. At 2:20 o'clock Judge Biddle sentenced the murderer to death. The date of his execution will be fixed by Governor Stone.

Want Returns Made.

Cleveland, April 4.—Judge William R. Day, president of the McKinley National Memorial association, has made a request that all contributions to the memorial be forwarded to Myron T. Herrick, treasurer, at Cleveland. Many thousand dollars have been subscribed by schools and schoolchildren throughout the country, especially on Jan. 29, McKinley's birthday. Judge Day announces his desire to have all these collections in the hands of the national treasurer at an early date.

Mother and Babe Fatally Burned.
St. Louis, April 4.—Mrs. Clara Ward, 32, the wife of William M. Ward, and her 10-months-old baby girl, Mabel, were fatally burned by the explosion of a kerosene lamp, from which the mother was pouring oil into a heating stove at her home. A son, Miles, 5 years old, was also seriously burned about the face. The father and husband, an invalid, was so severely shocked by the accident, that he, too, is in a dangerous condition.

For Mrs. Maybrick's Pardon.
New York, April 4.—Women of the New York Legislative league will, it is announced, send a memorial to King Edward, praying that on the occasion of his coronation he will pardon Mrs. Florence Maybrick. They base their petition not upon the theory of her innocence, but on the ground that she has already suffered sufficiently for any crime she may have committed.

May Recover.

New York, April 4.—After falling 300 feet down a mine shaft at Hibernalia, N. J., Andrew Michaliquo, a miner, is still alive and chances are good for his recovery.

Death of D. M. Foster.

New York, April 4.—Daniel M. Foster, known in his day as one of the ablest lawyers in New York, is dead from pneumonia. He had been ill for three weeks.

MANY POLICEMEN

Join Ranks of Those Who Seek to Enforce the Law.

New York, April 4.—A marked impetus has been given the "revolt" among the patrolmen of this city by promotions made by Commissioner Partridge of men who started to take the bit in their teeth and enforce the excise law, despite "pulls." The earliest and most conspicuous results were a marked stiffening of the backbone of the police rank and file, heavy accessions to the army of revolters from among those who hitherto had hesitated to declare themselves, and increased trepidation among saloon-keepers, whose state of mind is now one bordering on panic.

From Harlem to the Battery the city is more hopelessly "dry" between the hours of 1 and 5 o'clock in the morning than it has been before for years.

Frank Sargent Accepts.

Washington, April 4.—Frank Sargent, president of the Brotherhood of Locomotive Firemen, saw the president and was tendered the position of commissioner general of immigration. Mr. Sargent accepted the offer, but he told the president that it would be necessary for him to close up his business affairs before he could take charge of the office. The president informed him he could have all the time he wanted. In the meantime he is to familiarize himself with the duties of his new position. It is understood that the resignations of Messrs. Powderly and McSweeney have been requested, or will be at once. Joseph Murray will succeed the latter, and William Williams will be nominated soon to succeed Commissioner of Immigration Fritch at New York.

Mr. Grosvenor's Resolution.

Washington, April 4.—At the opening of the session of the house the speaker laid before the house an invitation from the Army of the Cumberland for the participation by a committee of the house in the services at Arlington cemetery upon the occasion of the reinterment of the remains of the late Major General William S. Rosecrans, which are to be removed from Los Angeles, Cal., to Arlington about the middle of May. Upon motion of Mr. Grosvenor (O.) a joint resolution was adopted for the acceptance of the invitation and the appointment of a joint committee to attend the ceremonies at Arlington.

Anarchists at Altgeld Meeting.

New York, April 4.—An attempt of anarchists to distribute pamphlets at the Altgeld memorial meeting in this city brought prompt suppression at the hands of the police. Three men were arrested. When Acting Captain Churchill arrived at the hotel he saw men and women distributing anarchist pamphlets, making excuses for the assassin of President McKinley, and attacking President Roosevelt. Captain Churchill drove these people from the hall. When Harry Hirschhoff and Solomon Heller persisted in distributing the circulars on the sidewalk, they were arrested.

A Promoter Suicides.

Knoxville, April 4.—C. E. Cox, formerly of St. Louis and Joplin, Mo., committed suicide at his room at the Vendome hotel. It is said he had been drinking heavily and became violently ill. When his attendant was telephoning for his physician he turned the light out and cut his throat in several places. Cox has been here two years as a promoter of local mine properties.

Conditions in the South.

New York, April 4.—Henry Sturgis Ely of Binghamton has just returned from an extensive trip through the south. "The south is picking up wonderfully as an industrial community," he said. "In many places that I visited I found this fact attributed to the great increase of northern capital, which has been pouring into the south for the past few years."

Miss Stone Starts For America.

London, April 4.—Miss Ellen M. Stone, the American missionary, sailed for New York on the Hamburg-American line steamer Deutschland. Her departure from London was quiet. She was accompanied by R. B. McClure and R. S. Baker. She will begin lecturing in aid of the missions almost immediately after her arrival in the United States.

Mrs. McKinley's Visitors.

Canton, O., April 4.—Mrs. Myron T. Herrick and Mrs. Duncan of Cleveland, the latter a sister of the late president, arrived here for a visit with Mrs. McKinley. Mrs. McKinley's condition is about the same. She goes out driving frequently, and visits the cemetery every day that the weather will permit.

Jacksonville, Fla., April 4.—Professor M. W. Cushman of Indiana, the author of several books on the treatment of stock, dropped dead here.

TEST VOTE IN SENATE

On the Measures of the State Administration Scheme Taxation.

HOUSE PASSES IMPORTANT BILLS.

Both Branches of the Legislature Adjourn Till Tuesday So That Members Can Participate in Monday's Election.

Columbus, O., April 4.—Owing to the municipal elections Monday, both branches of the legislature adjourned till Tuesday at 3 p. m.

In the senate Mr. Royer of Tiffin, the Democratic leader, moved that the Willis taxation measure be made a special order for Wednesday, May 7, a date beyond the session, but the motion was voted down by a vote of 15 nays to 12 yeas. Connell and Wilhelm, Republicans, who are opposed to the bill, voted with the Democrats.

Senator Longworth of Cincinnati introduced a general bond issue bill, which authorizes municipalities to issue bonds for any purpose up to 1 percent of the tax duplicate, but the total bond issue shall not exceed 5 percent of the tax duplicate, unless the people at an election authorize an issue in excess of this amount.

Senator Wirt of Mahoning introduced a bill preventing changes of venue in street railroad cases from counties in which are located cities of 100,000 or more inhabitants.

A bill by Mr. Chamberlain of Lorain provides that county commissioners shall be allowed the actual expenses incurred by them in connection with their official duties in their own county, but in no year are they to exceed more than \$300.

Mr. Thompson of Columbus introduced a bill which provides that persons confined in any penal institution shall be permitted to give his testimony in open court in any case in which he may be a party defendant, but in all other cases his testimony is to be taken by depositions.

These bills were passed by the senate: S. B., providing for the printing of the court calendar in Franklin county in the Daily Reporter, a legal publication; S. B., authorizing consolidation of savings and loan associations with safe deposit and trust companies; S. B., permitting township trustees and boards of education, except in city districts, to refund their indebtedness at a lower rate of interest.

The house passed the bill making a levy of 15 mills in the state for the Ohio State University at Columbus.

The bill to extend the time of office of the county clerks of the state was slipped through with very little debate. The bill extends the time of each clerk from the first Monday in August to the first Monday in January.

The Pugh-Kibler municipal code was reported back to the house by Mr. Comings as chairman of the municipal affairs committee, but the nearly 200 amendments to the bill leave it in a rather uncertain shape.

The subcommittee to which the bill was referred were not able to agree upon many of the proposed amendments, and the bill had to come back with the simple recommendations instead of a substitute bill, as might have been expected from the number of changes that were being offered. The principal feature eliminated is the municipal ownership, upon which the committee is practically agreed.

Other important amendments offered are that common laborers and private secretaries are taken out from under the civil service rule, and there is a strong disposition among the members of the committee to so amend the bill as to provide for an election of the different directors.

In the House.

Bills were passed by the house as follows: To give inspectors of workshops and factories the powers of notaries, and empowering them to take depositions with regard to the enforcement of factory laws; to provide for full crews on freight trains (the bill was amended so that offenders may have the right of trial by jury); to change the name of the institution for the Education of the Blind to the Ohio State School for the Blind; to require that counter floors or temporary coverings shall be placed on every story of a building in course of construction; to require interurbans to furnish their cars with toilet rooms, except where open cars are used or where the cars make their destination within 30 minutes; to protect livery men with the same regulations provided by law for innkeepers, requiring that a copy of the law be posted in conspicuous places; to punish with imprisonment for life persons who throw vitriol or other caustic substances with malicious intent to disfigure.

A COMPLETE DEFEAT.

President Marroquin Announces a Victory For Columbian Forces.

Panama, Colombia, April 4.—This city was the scene of wild enthusiasm on the part of the conservatives, when Governor Salazar made public the contents of the following dispatch, received from President Marroquin: "Bogota—General Gonzales Valencia defeated and completely destroyed the armies of Generals Focion, Soto and Juan McAllister. General L. Uribe Uribe, who invaded Colombian territory via Mediva in the department of Boyaca, was also defeated by General Nicolas Pardamo."

Governor Salazar stated that both victories were of great importance, because they meant practically the end of the revolution, leaving only the isthmus to be pacified. The governor has received advices from Cauca, announcing the approaching departure of 8,000 men from that department, to begin operations against the Liberal General Herrera, who will be attacked by 10,000 government soldiers. Should Herrera attack Panama, the governor said that the Liberals would lose every man they had, because the entrenchments of Panama were invincible.

Press Dispatches Confirmed.

Washington, April 4.—Senor Concha, the Columbian minister, has received a cablegram from President Marroquin of Colombia, confirming the press dispatches from Panama of the victories of Generals Valencia and Pordemo over the insurgents. It is believed at the legation here that this will end the insurrection in Colombia.

Roosevelt on Hale.

Boston, April 4.—In a letter sent to Senator G. F. Hoar expressing regret that he could not be present at the public celebration of the eightieth birthday of the Rev. Dr. Edward Everett Hale in this city, President Roosevelt said: "My Dear Senator Hoar—I very earnestly wish I could be at the meeting over which you are to preside, in honor of the eightieth birthday of Edward Everett Hale. A classical allusion of comparison is always very trite, but I suppose all of us who have read the simpler classical books think of Timon in his last days at Syracuse, loved and honored in his old age by the fellow citizens, in whose service he had spent the strength of his best years, as one of the noblest and most attractive figures in all history. Dr. Hale is just such a figure now. We love him and we revere him."

Piano In the Mud.

Atlantic City, N. J., April 4.—The beach front between Illinois and New York avenues presents a scene of utter ruin and desolation of the many fine hotels which were situated in the district visited by the fire. There remain standing the unburned portion of the Windsor hotel at the Board Walk and Illinois avenue, and the charred frame work of the Rio Grande hotel on New York avenue. The beach in the vicinity of the fire is strewn with tables, crockery, bedding, kitchen utensils and rugs and on New York avenue a grand piano stands alone in about a foot of mud.

Substitute For Anarchy Bill.

Washington, April 4.—The house committee on judiciary decided to substitute the bill of Chairman Ray dealing with anarchy and attempts on the life of the president, for senate bill recently passed on the same subject. The Ray bill goes further than that of the senate, providing for the exclusion of anarchists, and also for the suppression of incendiary propaganda.

Big Mortgage Filed.

Youngstown, O., April 4.—A mortgage for \$75,000,000 was presented for record in the county recorder's office. The instrument, which consists of 95 closely printed pages, is given by the Baltimore and Ohio Railroad company to the Union Trust company of New York, trustee, to cover an issue of gold bonds of the above named amount.

Another Postponement.

Detroit, April 4.—The police court examination of Frank C. Andrews, vice president of the wrecked City Savings bank, and Henry R. Andrews, cashier of the institution, on the three complaints which have been laid against them as a result of the bank's ruin, has been postponed for two weeks.

Strike Order Withheld.

Ironton, O., April 4.—The conference of mine officials and operators of this district succeeded in settling all disputes except entry driving, which will be considered at an adjourned session April 10. The strike order is withheld till then.

Negro Legally Hanged.

Jacksonville, Fla., April 4.—Moses Robertson, a negro, was hanged here. He killed Deputy Sheriff Jenkins at Pablo Beach, Fla., several months ago.

BRITISH WERE BUSHED

His Majesty's Troops Unable to Follow Boers After an Engagement.

SEVERE FIGHTING IN TRANSVAAL.

Forces Under Generals Delarey and Kemp Retired But Their English Foes Did Not Renew the Battle.

London, April 4.—There was severe fighting all day long on March 31, in the neighborhood of Harts river, in the southwestern extremity of the Transvaal, between part of General Kitchener's force and the forces of Generals Delarey and Kemp, resulting in repulse of the Boers after heavy losses on both sides. The Canadian Rifles distinguished themselves, one party, commanded by Lieutenant Bruce Carruthers, holding its post until every man was killed or wounded.

Lord Kitchener's official report, dated from Pretoria April 3, says:

"General Kitchener (Lord Kitchener's brother) sent Colonels Keir and Cookson from Vryekull, Western Transvaal, March 31, to reconnoiter towards Hart river. They soon struck the track of guns and carried on a running fight for eight miles, following the track through the bush. Emerging on a plain, large Boer reinforcements advanced against their flanks, forcing the British troops to take up a defensible position, which they hastily entrenched. Fighting ensued in close quarters till the Boers were repulsed on all sides. Delarey, Kemp and other leaders vainly attempted to persuade their men to renew the action. About 1,500 Boers participated in the engagement, but they had suffered too heavily and cleared away to the northwest and south. The British losses were also severe. The Canadian Rifles especially distinguished themselves, one party, commanded by Lieutenant Carruthers, holding its position till every man was killed or wounded. Others of the forces showed great steadiness, allowing the Boers to advance within 200 yards of them, and repelling them with a steady rifle fire."

Contracted Consumption.

New York, April 4.—Dr. Clinton H. Catherwood of this city, who has devoted his time and his wealth not only to the scientific investigation of tuberculosis, but to the gratuitous treatment of the consumptive poor, has contracted the disease from one of his patients, and is now on his way to Colorado, hoping that the climate there will help him and save his own life. He is 27 years old and has been practicing medicine only a few years.

Senator Jones Returns.

Washington, April 4.—When Mr. Jones of Arkansas appeared on the floor of the senate after a protracted absence, during which he passed through a warm and unsuccessful contest for re-election, he was surrounded immediately by many of his colleagues, all anxious to learn the details of the contest. He was given a most cordial greeting by senators on both sides of the chamber.

Stores Closed.

Dubois, Pa., April 4.—The stores of the Jefferson Supply company, located at Dubois, Falls Creek, Punxsutawney, Reynoldsburg and other towns in the mining district, and owned by the mining company, will be closed this week, and a large number of clerks thrown out of employment. The stores are patronized largely by the miners, who will be obliged to obtain credit elsewhere.

Will of Cecil Rhodes.

London, April 4.—The will of Cecil Rhodes provides for the establishment of colonial scholarships, as previously announced, and two American scholarships to each of the present states and territories of the United States. The will also provides for scholarships for students of German birth at Oxford, to be nominated by Emperor William.

THE UNLUCKY "13."

Played a Part in the History of Captain Cochran's Company of State Guards.

FRANKFORT, KY., April 2.—Upon the recommendation of Attorney General Breckinridge Gov. Beckham has contracted with Judge Ben G. Williams, of Frankfort, to represent the Executive and Adj't. Gen. Murray in the suit for mandamus brought against them by Capt. Horace Cochran, of the Maysville Company of State Guards. The suit is to enforce the approval of salary accounts for services rendered in guarding W. S. Taylor in 1900. The case will be called at the term of court beginning next week, but will likely be postponed until the fall term.

In preparing the answer to the petition Judge Williams and Adj't. Gen. Murray found that the number "13" figures in the history of the company for whose members Capt. Cochran is suing. The order issued by Taylor calling the company, with others, to the Capital to protect him is "general order No. 13," and the order mustering the company out of the State service bears the same number.

The great problem of the church to-day is "What can be done to help the boys?" This is discussed at all church gatherings and yet the church is hardly aware of its responsibility. The boy will seek company away from home, and the question is how can we keep him in good company? The Young Men's Christian Association is the only place in the city open to the boys and young men where they will be free from evil influences. Parents often ask, "Can't you do something for our boys?" and yet hardly give the association an opportunity to help the boys. Many a parent is weeping because the boy has gone astray.

The examining trial of Mrs. Ellen Boone, arrested here and taken to Falmouth on charge of murdering her husband, resulted in her being held for further trial. Her bond was placed at \$1,000. The Pendletonian says: "Eight or ten witnesses were examined, and while the evidence was decidedly damaging to the accused, it was far from direct, and of the fragmentary order. There is no doubt in the fact, however, that the case demands a thorough investigation, and it is the consensus of opinion that the Judge acted wisely in holding Mrs. Boone over to the April grand jury. The Fiscal Court at a meeting held Tuesday directed the County Attorney to have the stomach of Mr. Boone analyzed by a specialist to sustain or explode the poisoning theory."

Miss Sallie Wood continues to improve, but is still quite ill.

Communion services will be held at the Central Presbyterian Church to-morrow morning, and the names of a number of new members reported. Afterwards a congregational meeting will be held at which a full attendance is earnestly desired.

The Chicago Record-Herald devotes two columns to showing up the horse-butcher business in that city, and says: "Upward of 15,000 maimed, crippled and diseased horses are slaughtered annually in and immediately about Chicago, and, according to Assistant Pure Food Commissioner Rudolph M. Patterson, much of the flesh finds its way to the public market presented as a healthful food product under the guise of dressed corn beef."

H. Baker, Secretary; A. P. Taylor, President; W. E. Bapnister, Treasurer; W. N. Bush, Director, and William Curran, Director, while receiving for their services each a regular salary withdrew from the funds of said company as commissions for sales made by them on said company's coupons and certificates between the day of May, 1900, and the time that the affairs of said company were placed in your receiver's hands the following amounts:

FAIR EXCHANGE.

A New Back for an Old One—How it is Done in Maysville.

The back aches at times with a dull indescribable feeling making you weary and restless; shooting pain shoots across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the back for a new and stronger one. Follow the example of this Maysville citizen.

Mr. Frank Burgoyne, of 331 East Third street, says: "Greater praise cannot be given Doan's Kidney Pills than their wonderful merit deserves. I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The use of this remarkable remedy demonstrated beyond question that if taken properly a cure surely will follow."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Grant County investors are said to be out about \$50,000 on their transactions with the investment companies.

Judge Parker in the Circuit Court at Lexington Friday issued an order to compel the officers and directors of the Industrial Mutual Deposit Company to turn over to the court all of their drawings from the company, as requested by Receiver Southgate. The amount is about \$35,000. Judge Morton appeared for the investment company, and asked that the order be withheld for a time, and Judge Parker withdrew it temporarily. He declared that if he had the power, which he believed he had, he would compel all certificate and stockholders that have drawn money from the company at the rate of 3 for 1, to return the money, that the creditors of the company might receive an equal distribution of the funds.

Chesapeake and Ohio railroad officials have been notified that the Second Battalion, Eleventh United States Infantry, will arrive at Newport News Sunday from Porto Rico to be transported to San Francisco, where the battalion will board a transport for Manila.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is specially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrow to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine, containing no alcohol or other intoxicant.

Given away. Dr. Pierce's great work, The People's Common Sense Medical Adviser, is sent free on receipt of stamps to pay expenses of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.
